Subject: Assembly at Andrew Jackson

First, I want to thank you for your Nutrition presentation to the 6-8th graders at Andrew Jackson today (10/16). I have seen your presentation for about 8 years now both at Jackson and my previous school Penn Treaty. It's an inspiring presentation that is definitely much needed with today's youth. As a gym owner and health nut, I try to practice what I preach but the message isn't always heard. Your techniques are innovative. Thank you for that. I would love to set up another assembly for our upper school at some point in the year.

Look forward to hearing from you!

Janet DiSalvo
