Dear Mr. Barr,

I would like to thank you for the wonderful job your group did yesterday at King High School.

The faculty, students and administration were very happy. Of course, the kids would have loved to see more dancing because your guys are great, but you delivered a message and allowed the kids to have fun. I will do everything in my power to promote your efforts. Again, thank you and hope to see you again.

Sincerely,

John S.
