Subject: Comment on a Performance

Good evening,

I had the opportunity of having RAP come perform at Dunbar Promise Academy for a nutrition assembly. It was the best assembly we had in a very long time. They were very informational and engaging, the students were excited the entire time. There was dancing, singing, and they encouraged the students to work collaboratively to create nutritional meals. They also had a freestyle rap session where they came down and had close interactions with everyone in the auditorium. I would recommend this group to any establishment!

Best,

Mr. Lawrence

Assistant Principal

Dunbar Promise Academy
