Subject: Farrell Elementary performance

Sterlen,

I am a teacher at Farrell Elementary. Each year my Kindergarten students enjoy your Nutrition assembly. There is so much to enjoy during your show but what I love most about your group's presentation is the attention the performers give to the special needs students. I see it happen every year but this year I was overcome with emotion as one of the performers brought a child from our Life Skills class on stage to dance with him. What an awesome moment for that child! You and your performers ROCK! Thank you and enjoy the holidays!

Fondly,

Mrs. Pedraz

Kindergarten Teacher & Special Needs Momma
