

May 15, 2014

Mr. Barr,

First let me say how much my students and myself enjoyed the assembly today. In all of my years teaching middle school, I have never encountered a more engaging and enthusiastic performance. The students were informed and entertained while engaging in physical activities promoting health and wellness. The music was appropriate and entertaining and the dance moves were phenomenal.

This was finally an activity that both students and teachers whole-heartedly supported. You should be proud of your accomplishments!!

Wishing much success in the future, and in hopes of seeing you back at our school,

Mrs. Garro
6th Grade LA
Sharon Hill School
