Dear Sterlen,

I would like to take this opportunity to thank you for facilitating the "couch talk" and emceeding the talent show during this year's Teen Tobacco Summit in Orlando. Both events were highlights of the conference. I had many people say that "Sterlen's participation added to the enthusiasm of the events." This comment is indicative of your outstanding rapport you build with your audience. What a great job!

As Florida continues to pave the way toward "cutting edge" strategies, your message and concerned attitude touched those youth and adults in attendance. Rest assured that this information found its way to others when they returned to their home counties. You helped make this year's Summit a success.

On behalf of the Summit youth and adults, thank you. I appreciate the thank you card you sent.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven G. Brooks".
