Frank,

How was Sterlen received by your students? Were you able to see his performance? Let me know.

Thanks,

Allison

Allison,

I'm so glad you asked. (and so promptly. What customer service!!!) I was planning on contacting you today. IT WAS OUTSTANDING!!! Sterlen was received extremely well by our students. I think for him, there was extra energy in the air because he knew they were a tough audience. He worked them like a video game. Kept their attention for an hour. Earned the respect of some pretty hard characters. And imagine, on the topic of smoking?! What a pleasant surprise. You should have seen the 16 - 17 year old hard butt thug wannabe boys going up to him after the show and getting a baseball card and waiting for his autograph. What a scream. He stayed for about another hour and visited every lunch table on our first lunch shift. Thank you sooooo much for setting this up and paying for it. Thanks for keeping us in mind.  
It was really great!!!!
