Dear Sterlen,

Your presentation on Smoking Prevention at our school, William Levering, on January 10, 2002 was excellent. From the movie to the true story and specially the music, you successfully communicated to our students the important message of: **ANTI-SMOKING and ANTI-TOBACCO**. You also held their attention and had them involved throughout the program. You truly reached out to our students.

I would like to thank you very much for coming and speaking to our middle school students. You definitely provide a great service to our youth, the 26% of our population, our 100% future.

Sincerely,
